Report Sprint 2 DEV
(Sprint 5)

Actual dates of the sprint: 11th of december 2023 – 24th of december 2023
Some of the tasks scheduled for this sprint ended up taking longer than anticipated, leading us to defer them to the third sprint. This was mainly due to the extensive changes made during the frontend refactoring, which significantly altered the component structure. As a result, certain CRUD tasks from the backlog turned out to be more intricate and time-consuming than initially estimated.

User stories & their acceptance criteria

1. As an applicant, if my application is accepted, I want to select from a set of available slots, so that I choose the time that fits best for my interview.

   AC1: SUCCESSFUL selection of interview slot by the applicant
   GIVEN the candidate has been accepted for an interview
   AND they are on "MyInterviews" page and click the "Schedule interview" button,
   WHEN they select one of the available slots from the displayed calendar,
   THEN their interview is scheduled for that slot.

   AC2: UNSUCCESSFUL selection of interview slot by the applicant
   GIVEN the candidate has been accepted for an interview
   AND they are on "MyInterviews" page and click the "Schedule interview" button,
   WHEN they select one of the available slots
   BUT there occurs a concurrency issue
   THEN an error message is displayed
   AND their interview is not scheduled for that slot.

2. As an user (candidate, manager, interviewer), I want to change my password, so that I can enhance the security of my account.

   AC1: SUCCESSFUL password change
   GIVEN the user is on "MyProfile" page,
   AND select the option to change their password
   WHEN they provide the current password, a new one and a confirmation for new one
   AND submit the password change request
   THEN the user's password is updated to the new value.

   AC2: UNSUCCESSFUL password change
   GIVEN the user is on "MyProfile" page,
   WHEN the user attempts to change their password
   AND provide an incorrect current password
   THEN the user's password is not updated
   AND the system should display an error message indicating that the current password is incorrect.

3. As an interviewer, I want to modify my personal data, so that, in case I enter something wrong, I can change that information to be accurate.

   AC1: SUCCESSFUL profile edit
   GIVEN the interviewer is on "MyProfile" page,
   WHEN they edit one or more fields and save the changes,
   THEN the interviewer's personal data is updated to the new values.

   AC2: UNSUCCESSFUL profile edit
   GIVEN the interviewer is on "MyProfile" page,
   WHEN they edit profile information with invalid data for that field,
   THEN an error message indicating the invalid fields is displayed
   AND the interviewer's profile is not updated.

4. As an interviewer, I want to modify my professional background, so that, in case I enter something wrong, I can change that information to be accurate.

   AC1: SUCCESSFUL professional background edit
   GIVEN the interviewer is on "MyProfile" page,
   WHEN they edit their professional background information and save the changes,
   THEN the interviewer's professional background is updated to the new values.

   AC2: UNSUCCESSFUL professional background edit
   GIVEN the interviewer is on "MyProfile" page,
   WHEN they edit heir professional background information and with invalid data for that field,
   THEN an error message indicating the invalid fields is displayed
   AND the interviewer's profile is not updated.

5. As an interviewer or administrator, I want to remove an interview slot from the schedule, so that I can manage the interview schedule effectively.

   AC1: Interviewer/Administrator SUCCESSFULLY removes interview slot
   GIVEN the interviewer/administrator is on the "Interviews" page,
   WHEN they click the "Remove interview slot" button,
   THEN their interview slot is deleted from the schedule.

   AC2: UNSUCCESSFUL removal of interview slot by the interviewer/manager
   GIVEN the interviewer/administrator is on the "Interviews" page,
   WHEN they click the "Remove interview slot" button,
   BUT there occurs a concurrency issue
   THEN an error message is displayed
   AND the interview slot is not deleted from the schedule.

6. As an interviewer or administrator, I want to add an interview slot into the schedule, so that I can manage the interview schedule effectively.

   AC1: SUCCESSFUL addition of interview slot by interviewer/administrator
   GIVEN the interviewer/administrator is on the "Interviews" page,
   WHEN they click the "Add interview slot" button,
   AND select a date,
   THEN the interview slot is added to the schedule.

   AC2: UNSUCCESSFUL addition of interview slot by the interviewer/administrator
   GIVEN the interviewer/administrator is on the "Interviews" page,
   WHEN they click the "Add interview slot" button,
   BUT there occurs a concurrency issue
   THEN an error message is displayed
   AND the interview slot is not added to the schedule.

7. As an applicant, I want to check the status of my applications, so that I plan my job search and interview preparation activities.

AC1: Check status of active applications
GIVEN the candidate has applied for one or more jobs,
WHEN they are on "MyApplications" page,
THEN the applicant views a status (pending / accepted / rejected) for any of their active applications.

AC2: Check status of applications - no active applications
GIVEN the candidate has no active application,
WHEN they are on "MyApplications" page,
THEN a message saying that there are no active applications is displayed.

8. As an interviewer or administrator, I want to delete a conference room, so that I can manage the interviews effectively.

AC1: Interviewer deletes a conference room
GIVEN the user is logged in as an interviewer or administrator
AND there exists a conference room
WHEN the user selects the option to delete that conference room
THEN the system should prompt for confirmation
AND the user confirms the deletion
THEN the conference room is permanently deleted
AND a success message is displayed

AC2: Attempt to delete a non-existent conference room
GIVEN the user is logged in as an interviewer or administrator
AND there doesn't exists a conference room with a certain id
WHEN the user attempts to delete the conference room with that id
THEN the system should prompt for confirmation
AND the user confirms the deletion
THEN an error message indicating the room does not exist is displayed
AND no conference room is deleted

9. As a candidate, I want to add additional emails to my account, so that I can receive important notifications and updates on multiple email addresses.

AC1: SUCCESSFUL addition of email
GIVEN the candidate is logged in
AND they are on the "MyProfile" page
WHEN the user opens the modal for updating personal details
AND enters a valid email address in the corresponding input
AND confirms the addition of the email by clicking the "Add" button
AND submits the form by clicking the "Save changes" button
THEN the new email is associated with the user's profile

AC2: UNSUCCESSFUL addition of email (invalid format)
GIVEN the candidate is logged in
AND they are on the "MyProfile" page
WHEN the user opens the modal for updating personal details
AND enters an invalid additional email address in the corresponding input
AND attempts to confirm the addition of the email by clicking the "Add" button
THEN the email is not added and displayed in the emails list

10. As a candidate, I want to remove an additional email from my account, so that I can manage my email preferences and notifications more effectively.

AC1: SUCCESSFUL removal of email
GIVEN the candidate is logged in
AND has at least one additional email associated with the account
WHEN the user opens the modal for updating personal details
AND selects the option to remove an email by clicking the "Delete" button
AND submits the form by clicking the "Save changes" button
THEN the email is disassociated from the user's account

AC2: UNSUCCESSFUL removal of email (internal server error)
GIVEN the candidate is logged in
AND has at least one additional email associated with the account
WHEN the user opens the modal for updating personal details
AND selects the option to remove an email by clicking the "Delete" button
BUT there occurs an internal server error
THEN the email is not disassociated from the user's account
AND a corresponding error message is displayed

11. As a candidate, I want to add additional phone numbers to my account, so that I can receive important notifications and updates via SMS or phone calls on multiple phone numbers.

AC1: SUCCESSFUL addition of phone number
GIVEN the candidate is logged in
AND they are on the "MyProfile" page
WHEN the user opens the modal for updating personal details
AND enters a valid phone number in the corresponding input
AND confirms the addition of the phone number by clicking the "Add" button
AND submits the form by clicking the "Save changes" button
THEN the new phone number is associated with the user's profile

AC2: UNSUCCESSFUL addition of phone number (invalid format)
GIVEN the candidate is logged in
AND they are on the "MyProfile" page
WHEN the user opens the modal for updating personal details
AND enters an invalid additional phone number in the corresponding input
AND attempts to confirm the addition of the phone number by clicking the "Add" button
THEN the phone number is not added and displayed in the emails list

12. As a candidate, I want to remove a phone number from my account, so that I can manage my contact preferences more effectively.

AC1: SUCCESSFUL removal of phone number
GIVEN the candidate is logged in
AND has at least one phone number associated with the account
WHEN the user opens the modal for updating personal details
AND selects the option to remove a phone number by clicking the "Delete" button
AND submits the form by clicking the "Save changes" button
THEN the phone number is disassociated from the user's account

AC2: UNSUCCESSFUL removal of phone number (internal server error)
GIVEN the candidate is logged in
AND has at least one phone number associated with the account
WHEN the user opens the modal for updating personal details
AND selects the option to remove a phone number by clicking the "Delete" button
**BUT** there occurs an internal server error
THEN the email is not disassociated from the user's account
AND a corresponding error message is displayed

Technical task

As a backend developer, I want to be able to store and feed files on api requests.

Burn down chart (Generated via GitHub from Roadmap View)

Sprint 2 DEV (Sprint 5) Tasks:

- **Schedule interview (only for candidates)** – in progress
  - ○ Urgent priority
  - ○ Large size
- **Edit personal information (for interviewers)** – postponed indefinitely
  - ○ High priority
  - ○ Medium size
- **Edit professional background (for interviewers)** – postponed indefinitely
  - ○ High priority
  - ○ Medium size
- **Password change from profile** – done
  - ○ High priority
  - ○ Medium size
- **Add interview slot (for interviewers and managers)** – postponed to next sprint
  - ○ High priority
  - ○ Large size
- **Remove interview slot (for interviewers and managers)** – postponed to next sprint
  - ○ High priority
  - ○ Medium size
- **Create an application status system to ensure knowing the status of each application at all times** – postponed to next sprint
  - ○ High priority
  - ○ X-Large size
- **Delete conference room** – done
  - ○ Medium priority
  - ○ Medium size
- **Add file attachment storage** – done
  - ○ Medium priority
  - ○ Medium size
- **Add phone number** – done
  - ○ Low priority
  - ○ Small size
- **Remove phone number** – done
  - ○ Low priority
  - ○ Small size
- **Add email** – done
  - ○ Low priority
  - ○ Small size
- **Remove email (but not the main one)** – done
  - ○ Low priority
  - ○ Small size
